WORK EXPERIENCE

PRENSA IBÉRICA - UX/UI designer

Sep 2021 - Present, Full-time, Alicante (Spain)

I work as a front-end and UX/UI designer in constant learning, contributing or carrying out creative solutions. Continuous coordination with the Marketing, SEO, Development and IT departments to carry out creative solutions such as logos, co-branding or creativities using Photoshop and Illustrator or for adjustments and new implementations on the websites of the magazines and digital newspapers of the Prensa Ibérica group (Sport, Woman , Faro de Vigo, Viajar Magazine, El Periódico de España, etc.) using Figma or XD and HTML, CSS and JS. I also work implementing designs in Wordpress with page builders.

INTERACTION DESIGN FOUNDATION - UX/UI designer

Apr 2021 - June 2022, Remote, Part-time

I collaborate remotely in the IxDF Madrid work groups where we coordinate in multidisciplinary teams
to dedicate our free time to experiment and learn together about product and service design, UX, CX or Research through real cases.
We will be designing throughout this year an app project focused on the Sustainable Development Goals for 2030 set by the United Nations. We implement the Design Thinking methodology with Lean Inception.

RECURSOS EN LA RED - Operations Technician N1

Oct 2009 - Sept 2021, Full-time, Alicante (Spain)

Management and resolution of web incidents monitoring and follow-up of the health of the management systems including infrastructures that support the digital media of Prensa Ibérica newspapers (El Periodico, Faro de Vigo, La nueva España ...)
Use and management of GIT, MySQL, HTML, Javascript, JSP, jQuery, CSS and PHP to correct bugs and for small maintenance tasks.
Knowledge of agile methodologies such as Scrum, Lean and Sprint and their implementation.
